That's your theory, Mr. Baker.

You say that we all get raises?

I'm never late to class--Whoops!

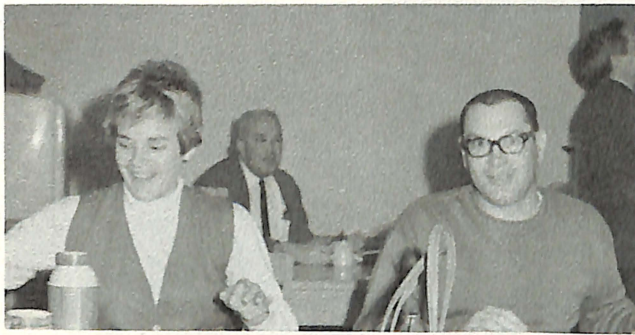

How can $ax+bc=rbt$?

Well, I make them tuck them in!

Poor Kim!
She gave her life to science.

Honestly, Mrs. Graham, it isn't going to rain. Why give a test?

Just imagine!

This is one violation he won't forget.

And on my Xmas tree.....

What does it say about the weather in April?

Don't tell me that!

Now the 49'ers and the Rams....

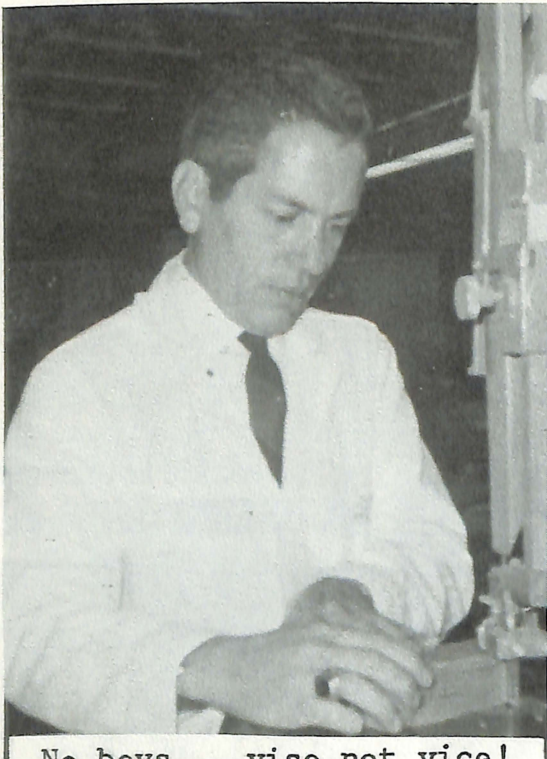

OOOOOh, you almost made me mad!

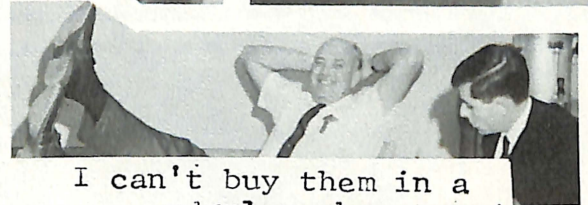

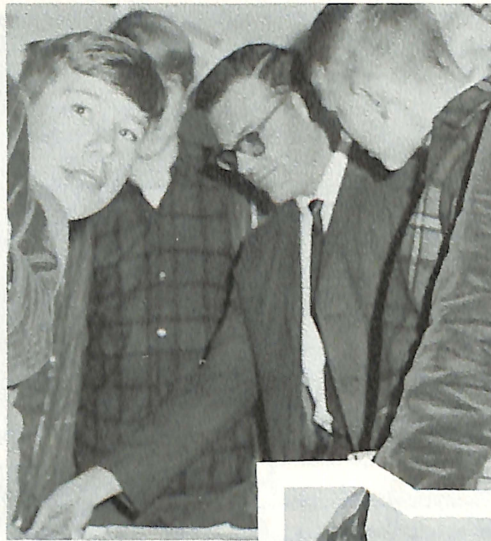

I didn't flood the machine.
Honest.

No boys....vise not vice!

I can't buy them in a
régular shoestore!

He moved?

Jayne Mansfield? Where?

We lose more students that way...

No, you do not get raises!

I got it in before
they called!

I just don't believe that I failed that test!

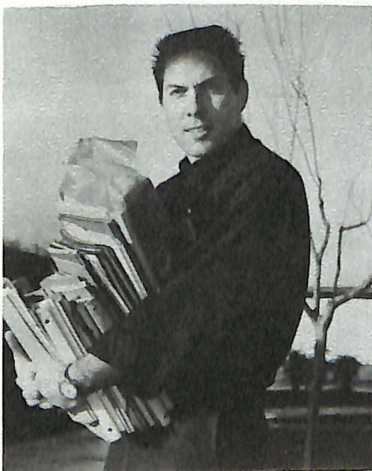

Look, I've told you before about gum.

Now, Bill, a good athlete leaves the girls alone!

Good coffee steadies the arm. ?

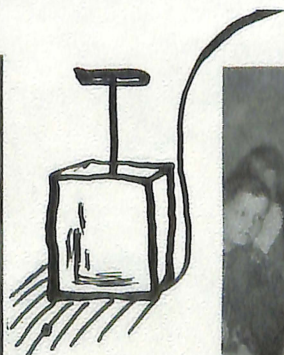

don't have a thing to do this weekend!

It says here that every good man needs a camper.

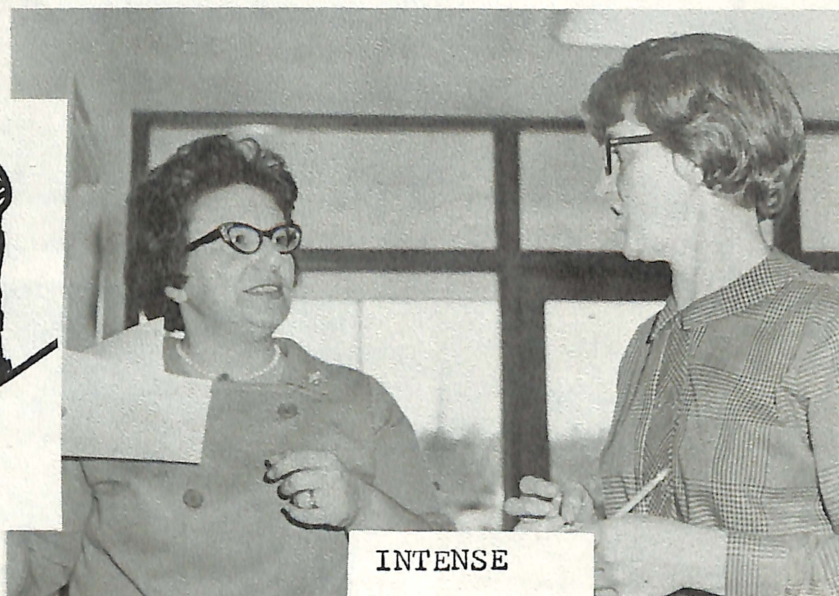

But I just had a haircut!
